About the Dominican Sisters of Sparkill

The Dominican Sisters of Sparkill have served in St. Brendan's parish since 1911 and happily we continue to do so. Our Congregation was founded in 1876 in NYC by Alice Thorpe to work with the poor (especially women and children).

The Dominican Sisters of Sparkill have been in existence for 133 years and our ministry has grown over the years in many different areas. At present, we have Sisters working in the US, Pakistan and Peru. In St. Brendan's School we have educated several generations of students.
